

## THE EYES - A PRECIOUS GIFT

### THE NIGHT HAS THOUSAND EYES

The night has a thousand eyes,  
And the day but one;  
Yet the light of the bright world dies  
With the dying sun.  
The mind has a thousand eyes  
And the heart but one;  
Yet the light of a whole life dies  
When love is done.

*Francis William Bourdillon*

### THE BEST EYE

A grey eye is a sly eye,  
And roguish is a brown eye  
Turn full upon me the eye  
Ah, how its wavelets drown one!  
A blue eye is a true eye  
Mysterious is a dark one!  
Which flashes like a spark eye sun!  
A black eye is the best one.

*William R. Alger*

### THE DUST IN EYES

If, as they say, some dust thrown in my eyes  
Will keep my talk from getting over wise  
I am not the one for putting off the proof  
Let it be overwhelming, off a roof  
And around a corner,  
blizzard snow for dust  
And blind me to a standstill,  
if it must.

### THE MAGIC OF VISION

Ophthalmology is a "science"  
Precious and divine  
Heals the "eye" and makes one "see"  
The beautiful flowers, birds and trees.  
Horrorifying is a life without the eyes,  
Always black – no color no light.  
Let us, therefore, cherish and care,  
Money means nothing, if the eyes are bare  
Oft called "The windows of the soul"  
Lights up face, brings smile galore  
Of all the wonderful gifts of God,  
Greatest is the gift of "sight" O Lord.  
Youth money, name and fame, are all useless  
for blind man.
